#### SEPTEMBER 4TH 2015

The GTturborhone-Alpes.fr leaves once again on September 4th, and until the 7th, to pursue the crossing of the Alps, that had started last year in Septembre.

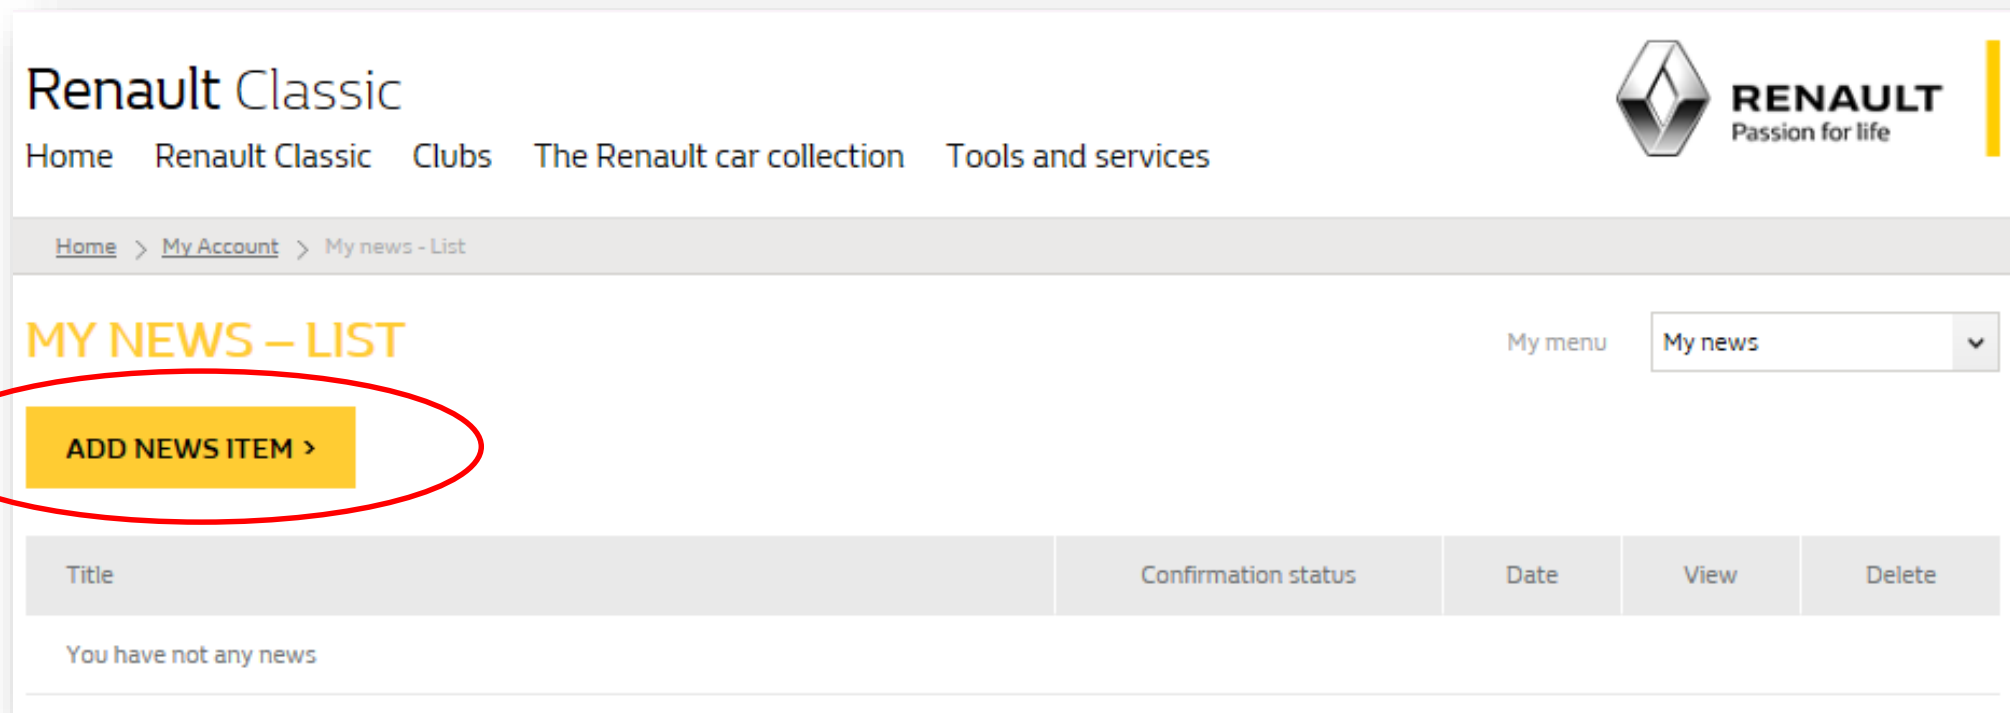

This year, we will go east, passing through Switzerland. Our ambitious program promises to inspire envy, even to the most reckless of the Tour de France: no less than 22 mountain passes, 17km from bottom to top and 1200 km spread through 4 days.

Fifteen Renault 5 GT Turbo will thereby engage in the ascension of the Stelvio, as a mean to celebrate the 30 year anniversary of our favorite automobile: a beautiful goal !

The last part of this great alpine journey will probably happen in Austria in 2016.
